'VARSITY NOT REPRESENTED

University Athletic Council Decides to Pass Up A. A. U. Meeting Scheduled for Denver.

The athletic council of the university met yesterday afternoon. It was decided that the university would not send a representative to the convention of the Amateur Athletic union which will be held in Denver next week. The board sent a representative to the meeting last year, but there was not enough work done to justify the expense. Matters pertaining to spring track meets were discussed, but the council did not arrive at any conclusions except that they would try to enter the Rocky Mountain conference.

The matter of accepting the invitation of the Intercollegiate Athletic association to come up before the meeting, but nothing definite was done. This is a union which intends to embrace all the colleges of the country to agree on rules and arbitrate disputes. At present only a few of the big eastern colleges belong to it. The principal objection raised by the council is that the constitution divides the United States into groups and that Utah is in the Pacific, Wyoming in the northwestern and Colorado in the southwestern group. They claim there should be a Rocky mountain group which should include all these states. The convention will be held in New York on Dec. 29.

CYCLONE GOES TO OGDEN.

Maurice Will Do His Training in Salt Lake.

Rawhide Kelly and his fighting man, Cyclone Thompson, arrived from the coast yesterday, remained in Salt Lake during the day and left for Ogden last evening, where Cyclone will train for his fight with Maurice Thompson. The date of the mill is set for New Year's eve, and from now until that time it will be hard work for the pug.

Maurice Thompson is expected to arrive in the city during the night, and arrangements will be made for him to do his training in this city, possibly at the Sanitarium.

MEDICS WANT ANOTHER TRY.

The medics of the university, who tied the laws in a football game last Tuesday, issued a challenge to the laws for a second contest to be played after the holidays. The doctors are exceedingly dissatisfied over the outcome of the game, and want another chance at the lawbreakers with the understanding that no "11" men will be allowed on either team. This will put the laws at a great disadvantage and for this reason they have not accepted the challenge. The winners of this game will be the team composed of the members of the faculty.

JEFFRIES TO DEFEE.

Jonoph, Nev., Dec. 19.—Manager Riley, of the Casino Athletic club, today decided the laws for a second contest to be played after the holidays. The articles of agreement gave him the right of selection if the principals could not agree. Jeffries was offered \$1,500 and expenses to referee, and accepted.

B.Y.C. AND B.Y.A. WANT GAME

B. Y. College Thinks Football Should Be Allowed Under New Rules.

(Special to The Herald.) Logan, Dec. 19.—A movement is afoot here to have the game of football put back on the athletic program of the church schools. Quite a number of the trustees of the Brigham Young College are known to favor the game, but on account of the opposition of President Joseph F. Smith, they have been unable to make much headway in their endeavor to have the ban put upon football removed. The new rules, however, eliminating the expense, matters pertaining to spring track meets were discussed, but the council did not arrive at any conclusions except that they would try to enter the Rocky Mountain conference.

The matter of accepting the invitation of the Intercollegiate Athletic association to come up before the meeting, but nothing definite was done. This is a union which intends to embrace all the colleges of the country to agree on rules and arbitrate disputes. At present only a few of the big eastern colleges belong to it. OCEAN MOTOR RACE PLANNED

Will Start at Florida, Cross Gulf Stream and End at Bahamas Islands.

New York, Dec. 19.—The proposed motor boat race from Miami, Fla., to Nassau, N. P., is practically arranged. Sir William Gray-Wilson, governor of the Bahamas, has taken a keen interest in the race. The United States arrangements are in the hands of Mayor John Sewell, of Miami, and a citizens' committee.

The proposed course, which is 100 statute miles, leads from Miami across the gulf stream and thence across the Bahama banks.

The date of the race has been set for Feb. 8, and the navy department has promised that a suitable vessel will be available for duty as escort to the tiny fleet.

RACE FOR SKATERS.

New York, Dec. 19.—In a signed statement published tonight "Tex" Rickard, who managed the fight at which Jeffries defeated Nelson, said he would like to meet Jack Johnson, the heavy-weight, at Goldfield.

GOOD ADVICE BY SHARKEY

Fighter Should Quit After Getting Two Lickings—Would Cause Less Fatalities.

"If fighters would quit the ring after they get two good lickings there would be better fighters, fewer fatalities and room in lunatic asylums," said Tom Sharkey in New York the other day.

"On the level," continued the sailor, "there's more crazy men in the ring today than people have any idea of, and it's all because they just love to get licked. I quit the game when I thought there was no chance to be a champion. There's no use sticking at it any more. Licking this week, winning the next, and taking a flyer at being champion. These fellows go crazy before they ever get near the top, and it's the same crowd that causes all the trouble. They go crazy in the ring, and think mad and think ghosts are beating them. Every man is good in the ring until he gets one or two hard beatings, and then he's dead so far as fighting is concerned. All of our best men have fought one or two great battles and then have gone back."

John L. Sullivan quit the first time he was licked. John had the right idea. He met a better man and let it go at that. Corbett lost to Fitz at Carson a grueling battle, and was never good after that. Fitz never came back after Jeff beat him that second time. He can still fight, but he isn't the same Fitz."

SALOON MAN IS RELEASED.

Matt Domm, proprietor of a saloon at First South and Commercial streets, who was arrested several days ago on complaint of Peter Goss, proprietor of the Angelus rooming house above the saloon, was discharged from custody yesterday. Goss charged that Domm's saloon was a disorderly place, but Domm proved by a number of policemen that there was no rioting or disorder at the saloon.

CATARRH PREPARES THE SYSTEM FOR CONSUMPTION

While Catarrh in its first stages usually affects the head, it does not stop there if the trouble is allowed to run on. The contracting of a cold is generally the commencement of the unpleasant symptoms of ringing noises in the ears, nose stopped up, mucus dropping back into the throat, hawking and spitting, etc. The inner skin or mucous membrane of the body becomes inflamed and secretes an unhealthy matter which is absorbed into the blood, and Catarrh becomes a serious and dangerous blood disease. Every day the blood becomes more heavily loaded with these poisonous secretions, and as the poisoned blood constantly passes through the lungs they become diseased, and often Catarrh terminates in Consumption. Sprays, washes, inhalations and such treatment do no real good, because they do not reach the poison-laden blood, where the real trouble lies. The only way to cure Catarrh is to purify and build up the blood. S. S. S. has been proven the remedy best suited for this purpose. It goes down to the very bottom of the trouble and removes every trace of impurity from the circulation, freshens this bloodstream and, as this healthy blood goes to every nook and corner of the system, Catarrh is driven out and a lasting cure made. The inflamed membranes and tissues heal, the secretions cease, the head is cleared and the entire system renovated and put in good condition by the use of S. S. S. Write for free book which contains valuable information about Catarrh and ask for any special medical advice you desire, without charge.
